Khurianwala, Jaranwala,
District Faisalabad, PAKISTAN

Tax/National ID: 33104-8781270-9

hereinafter referred to as "The Contractor".

1. Subject of Agreement & Core Focus

The primary subject of this agreement is the professional development, engineering, and maintenance of the Client's proprietary AI DISPATCH BOT FOR TAXI COMPANIES.

While the core focus remains on the AI Dispatch technology, the Contractor may also provide additional services as required.

The scope of work includes:

- Core Development: Engineering, programming, and scaling of the AI DISPATCH BOT.
- Backend & Infrastructure: Full responsibility for Backend Architecture, including Database Modelling, API integrations, and system logic.
- Hosting & Deployment: Management of the Hosting environment, configuration of Deployment pipelines (CI/CD), and ensuring server-side stability and scalability.
- AI Integration: Implementation of advanced LLMs and proprietary negotiation logic.
- Supplementary Services: Graphic design, video production, marketing, and sales support.

Specific requirements for the AI Dispatch Bot, its underlying infrastructure, and supplementary tasks will be agreed upon dynamically and fall under the terms of this contract.

2. Milestones, Delivery & Communication

Milestone-based Payments:

Compensation is paid upon the successful completion of predefined milestones for the AI Dispatch Bot or other tasks, agreed upon via WhatsApp, Email, or Project Management Tools (e.g., Jira, Slack, Trello, TBA)

Release of Assets:

Upon payment of each milestone, the Contractor is strictly obligated to release and push the latest versions of all work results (Source Code of the AI Dispatch Bot, High-Res Graphics, Video Files, etc.) to the Client's designated repositories (GitHub or similar TBA).

Official Communication Channels:

Official communication will take place primarily via WhatsApp, Email and Online-Meetings.

3. Payments

Method:

All payments shall be processed via Wise.

Flexibility:

Specific rates and budgets for development phases or marketing assets will be agreed upon on a short-term basis before the commencement of each phase.

4. Intellectual Property & Work for Hire

Ownership:

This is a "Work for Hire" arrangement. All rights, titles, and interests in any results (AI Bot Code, Algorithms, Designs, Videos, etc.) created under this agreement are the exclusive property of the Client (AECORA IT GmbH and ARCANT GmbH).

Transfer of Rights:

With the payment of each milestone, all intellectual property rights for that work are automatically and irrevocably transferred to the Client.

5. Confidentiality & Third Parties

Corporate Liability:

The Contractor shall maintain strict confidentiality regarding the AI Dispatch Bot's architecture, proprietary prompts, and business strategies.

Employee & Subcontractor Obligation:

The Contractor guarantees that all employees, freelancers, or third parties involved in the project (including staff at Effixly) are bound by written confidentiality and non-compete agreements at least as restrictive as this contract. The Contractor is fully liable for any breaches by its staff or partners.

6. Non-Compete Clause

The Contractor (including its owners, employees, and involved third parties) agrees not to develop, consult for, or be involved in any competing AI-based dispatching, booking software, or related transport-tech services in Taxi Business for a period of 24 months following the termination of this agreement

7. Termination

Either party may terminate this agreement with a written notice period of 90 days. Upon notice, the Contractor must ensure a full handover of the AI Dispatch Bot source code, credentials, description of Deployment, Database etc., and all project assets before the final payment is released.

8. Entire Agreement

This contract constitutes the entire agreement between the parties and supersedes all prior agreements, understandings, or arrangements, whether oral or written, relating to the subject matter.

No modification or amendment to this agreement shall be effective unless made in writing (including digital confirmation via official communication channels).

9. Severability Clause

If any provision of this agreement is or becomes invalid, illegal, or unenforceable, the validity and enforceability of the remaining provisions shall not be affected.

The parties shall replace the invalid provision with a valid one that comes as close as possible to the intended economic purpose of the original provision.

10. Governing Law and Jurisdiction

This agreement shall be governed by the laws of Austria. The exclusive place of jurisdiction for all disputes shall be Wiener Neustadt, Austria.
